Table 5: Core Follow-up Outcome Achievement

Core Follow-up Outcome Measures (A)	Number of Participants with Main or Secondary Goal (B)	Number of Participants Included in Survey (Sampled and Universe) (C)	Number of Participants Responding to Survey or Used for Data Matching (D)	Response Rate or Percent Available for Match (E)	Number of Participants Achieving Outcome (F)	Average Percent Achieving Outcome (G)
Entered Employment*	2,135	0	2,039	95.50%	1,315	64.50%
Retained Employment**	1,049	0	1,027	97.90%	651	63.40%
Obtained a GED or Secondary School Diploma***	9,595	0	9,595	100.00%	4,606	48.00%
Entered Postsecondary Education or Training****	690	0	690	100.00%	303	44.00%

1. All Local Programs in the State Used a Survey for the Measure and One or More Programs Sampled Students

Report in Column C the total number of participants from Column B who were surveyed. This number should be the sum of the total samples drawn for all programs that sampled and the sum of all students with the goal for programs that did not sample. (For guidance on sampling see Guidelines for Conducting the Follow-up Survey and attached summary of sampling guidelines).

Report in Column D the number of participants from Column C who responded to the survey

2. All Local Programs In The State Used a Survey to Obtain The Measure and No Programs Sampled Students

Column C=Column B for any measure where all programs in the state included all participants with the goal in a survey to obtain the measure (i.e., no program sampled).

Report in Column D the number of participants from Column C who responded to the survey

3. The State Used Data Matching To Obtain The Measure

Do not complete Column C – leave it blank.

Report in Column D the number of participants whose records were used in data matching for this measure.

Report in Column F the number of participants from Column D who achieved each outcome. Report in Column G the number in Column F divided by the number in Column D. If the response rate reported in Column E is less than 50 percent, the percentage reported in Column G is not considered valid. See the NRS Implementation Guidelines for additional information about this table.
